

The Scomo Group

Selling new and used machine tools for 35 years for machining and sheet metal working applications, the SCOMO group is one of the leaders in supplying high-tech equipment in France.

Developing from a group of three machine tools sales companies, each with its own strong technical identity, rebuilding companies, the SCOMO group is now able to offer a comprehensive and wide range of both products and services.

The group is therefore active:

In the supply of NEW equipment

with world-recognised brands.

Machining equipment:

- CNC Turning and Milling for general applications: DOOSAN MACHINE TOOLS
- CNC ultra-high technology milling (and turning) solutions: BRETON and MANDELLI
- 3-dimensional measuring machines: WENZEL
- Wire working machines: FANUC FIL
- Automation and robotisation solutions: CELLRO and EROWA
- Water jet cutting machines: WATERJET

Sheet metal working equipment:

- ADIRA conventional and electric folding presses and guillotine shears
- ADIRA laser machines
- LISSMAC deburring machines
- Sawing machines: KLAEGGER and FMB

Notre politique de confidentialité

With three sites: in Toulouse, the Paris region and Lyon, with a workshop, showroom and offices, the SCOMO offering its customers a locally-based service.

Our 4,000 m² showroom in Toulouse, combined with those in Lyon (6,000 m²) and Savigny sur Orge in the Paris region means we can offer one of the widest selections of new and used machine tools.
